

## Self-Assessment Quiz

### Are You Ready to Invest Safely? (Quick Quiz)

Answer **Yes** or **No** to each question:

1. Do you research the team behind a crypto project before investing?
2. Can you explain what the project does in one sentence?
3. Do you check CoinGecko, CoinMarketCap, or Etherscan before investing?
4. Do you avoid clicking random DMs or links on Telegram/Discord?
5. Have you set up a separate wallet just for high-risk projects?
6. Do you recognize the signs of a pump-and-dump scheme?
7. Do you take time to read the whitepaper or project documentation?
8. Do you verify that the project has real community members, not just bots?

### Score Yourself

- **7–8 Yeses:** You're crypto-smart and ready to invest safely!
  - **4–6 Yeses:** You're on your way—tighten your research and security habits.
  - **0–3 Yeses:** Hold up! Learn the basics before investing a cent.

## Crypto Scam Red Flags Checklist

Before investing, watch out for these warning signs:

- **Anonymous team** or no info about developers
  - **Guaranteed returns** or “Get rich quick” language
  - **Fake-looking followers or activity on social media**
  - **Locked or muted Telegram/Discord channels**
  - **The team won't answer questions transparently.**
  - **Overly complex tokenomics with no clear use case**
  - **“Too early to miss out” pressure**
  - **Smart contract not verified on Etherscan.**
  - **No roadmap, whitepaper, or official documentation**
-
